My Medical Info

Why do it?

Medical personnel can make the best decisions regarding emergency treatment when they know a person's medical conditions, medications, or medical allergies. This can mean the difference between life and death in the **"Golden Hour"** immediately following a medical emergency.

1. Photograph

Place a clear, recent photo of just the participant into the pocket so emergency personnel can instantly identify the individual.

2. Medical Form

Fill out this medical form. Keep all your information up to date.

3. Refrigerator or Glove Box

Place the completed form in the pocket.
Vial of Life: Place the pocket on your fridge.
Yellow Dot: Place the pocket in your vehicle's glove box.
